

The Chinese University of Hong Kong
Registration and Examinations Section, Registry

Declaration/Change of Concentration(s)/Stream(s)
(applicable to graduating students in 2nd term 2025-26)

1. Major Programmes with Concentration(s)/Stream(s)

(a) Students of the following major programmes who would like to declare concentration(s)/stream(s) should make the declaration under CUSIS by referring to their major study scheme.

- Anthropology
- Contemporary China Studies
- Cultural Management
- Economics
- English
- Geography and Resource Management
- Global Studies
- Integrated BBA Programme
- Japanese Studies
- LLB
- Psychology
- Religious Studies
- Sociology
- Statistics
- Urban Studies

(b) Students of the major programmes listed below do NOT need to make the declaration under CUSIS. Relevant departments/offices will provide the information directly to the Registration and Examinations Section (RES) for recording in CUSIS. These students should check under CUSIS on or after 9 April 2026 and report to the RES if discrepancies are found.

- Biomedical Sciences
- Biotechnology, Entrepreneurship and Healthcare Management
- Chemistry
- Earth and Environmental Sciences
- Earth System Science
- Fine Arts
- Food and Nutritional Sciences
- Double Degree Programme of Bachelor of Business Administration (Integrated BBA Programme) and Juris Doctor
- Mathematics
- Physics
- Professional Accountancy
- Risk Management Science

2. Application Period

2-27 February 2026

Students should check carefully if concentration/stream is compulsory according to the study scheme of their major programmes. If students do NOT declare concentration/stream as required by their major programme by 27 February 2026, RES will not be able to perform the checking for fulfilment of graduation requirements for these students. Late applications will NOT be accepted.

3. Application Procedures under CUSIS (Not applicable to Major Programmes listed under 1(b))

Log on CUSIS and select “Application” > “Program-Related Change Application”

Add Concentration(s)/Stream(s)

(a) Check existing concentration(s)/stream(s)

Students should check their existing concentration(s)/stream(s), if any, under “Profile” > “My Academics” to consider if change is needed.

(b) Input courses under CUSIS

Students MUST check the course fulfillment of the concentration(s)/stream(s) by referring to the study schemes under the [Undergraduate Student Handbook](#), and input the courses that they have already taken for the concentration(s)/stream(s). Students’ applications will only be approved by the department/programme office if they have already completed/are close to completing all course requirements. Department/programme office may also enquire students’ course history to check if all courses have been taken.

(c) Students are allowed to declare no more than TWO concentrations/streams while some Major Programmes permit only ONE. Students should refer to their study scheme and consult the department/programme office concerned if in doubt.

Change Concentration(s)/Stream(s)

Students who wish to change from one concentration/stream to another (e.g. from Marketing to Big Data and Quantitative Marketing), please **CHOOSE** “Change Concentration” instead of “Add” under CUSIS. Follow the above steps (a) and (b).

Cancel Concentration(s)/Stream(s)

Students who wish to cancel a declared concentration should choose “Drop Concentration”. No further approval is necessary.

4. Department Approval

Relevant applications can be reviewed and approved by the department/programme office anytime within the application period. Students should take the initiative to check their application results on CUSIS and follow up as necessary. The deadline for approval on CUSIS is 6 March 2026.

5. System Walkthrough and Enquiry

Please refer to the RES website for the [system walkthrough](#). For any further enquiries, please contact RES:
